

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

- 1                   1.       (original) A substantially non-aqueous liquid shampoo composition  
2       comprising at least one detergent, at least one active agent incompatible with water, an organic  
3       bulking agent and shampoo excipients, said organic bulking agent being miscible with water and  
4       miscible with said at least one detergent.
- 1                   2.       (original) A substantially non-aqueous liquid shampoo composition as  
2       claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 20% by  
3       weight of said composition.
- 1                   3.       (previously presented) A substantially non-aqueous liquid shampoo  
2       composition as claimed in claim 1 wherein said organic bulking agent is present in amounts  
3       greater than 50% by weight of said composition.
- 1                   4.       (currently amended) A substantially non-aqueous liquid shampoo  
2       composition as claimed in claim 1 wherein said organic bulking agent is selected so as not to  
3       ~~effect~~ affect foam formation of said composition.
- 1                   5.       (previously presented) A substantially non-aqueous liquid shampoo  
2       composition as claimed in claim 1 wherein said organic bulking agent is selected from the group  
3       consisting of polyethylene glycol and propylene glycol.
- 1                   6.       (previously presented) A substantially non-aqueous liquid shampoo  
2       composition as claimed in claim 1 wherein said organic bulking agent is polyethylene glycol of a  
3       molecular weight of 200-800.

1                   7.       (previously presented) A substantially non-aqueous liquid shampoo  
2 composition as claimed in claim 1 wherein the water content is less than 20% by weight of said  
3 composition.

1                   8.       (previously presented) A substantially non-aqueous liquid shampoo  
2 composition as claimed in claim 1 wherein said at least one active agent is a pharmaceutical  
3 ingredient.

1                   9.       (original) A substantially non-aqueous liquid shampoo composition as  
2 claimed in claim 8 wherein the pharmaceutical ingredient is clotrimazole or ketoconazole.

1                   10.      (previously presented) A method of topically treating a dermal infection or  
2 condition comprising the step of applying a substantially non-aqueous liquid shampoo  
3 composition as claimed in claim 1 to the skin or hair of a patient in need of such treatment.

1                   11.      (canceled)

1                   12.      (new) A method of topically treating a dermal infection or condition as  
2 claimed in claim 10, wherein said composition contains an antifungal agent.

1                   13.      (new) A method of topically treating a dermal infection or condition as  
2 claimed in claim 12, wherein said antifungal agent is clotrimazole.

1                   14.      (new) A substantially non-aqueous liquid shampoo composition as  
2 claimed in claim 6, wherein said polyethylene glycol is PEG 400.

1                   15.      (new) A substantially non-aqueous liquid shampoo composition as  
2 claimed in claim 1, wherein the water content is less than 15% by weight of said composition.

1                   16.      (new) A substantially non-aqueous liquid shampoo composition as  
2 claimed in claim 1, wherein said detergent is selected from the group consisting of an alkyl  
3 sulphate, an alkyl ether sulphate, a sulphsuccinate, and mixtures thereof.

1                    17.    (new) A substantially non-aqueous liquid shampoo composition as  
2    claimed in claim 1, wherein said composition comprises:  
3                    from 0.05-8% w/w of the active agent;  
4                    from 5-15% w/w of solvent;  
5                    from 1-5% of foam booster;  
6                    from 5-25% of the detergent; and  
7                    greater than 50% w/w of the organic bulking agent.
